

BYTES 4BITES

So many members of our community are living one health crisis, one missed paycheck, and one grocery store trip away from needing the Food Bank network. Technological advancements are a primary reason we can connect people to the critical resources we provide. Starting March 25th, technology companies and organizations across the Food Bank's 34-county service area are invited to raise meals in a friendly competition to fight hunger for bragging rights, an exclusive volunteer opportunity, and a trophy!

- Registration will begin February 21, 2022
- The competition will take place March 25 – May 6, 2022
- Companies are challenged to raise as many meals as possible during the month of May
 - \$1 = 5 meals
 - 6 lbs = 5 meals
- Teams will create and customize their own fundraising page on our user-friendly platform Just Giving. The customized links can be shared to potential supporters
- The competition will have two winners, most meals raised overall, and most meals raised per employee
- The winning teams will receive a trophy and an exclusive volunteer experience
